

# Carmel College Year 9-13 Sport

Carmel College is privileged to have many talented young sports women across all year levels and a variety of sports. We aim to continue to develop their skills and knowledge through providing high quality coaches who encourage an environment where winning games is accomplished through a strong team culture based on the special character of our school.

There are currently over 15 sporting codes available across a range of different grades. Regardless of whether your goal is to win, learn new skills, make friends or just have fun – all or four – there is definitely something for you. The Sports and P.E Department, teachers in charge, coaches, team managers, the Heads of Sport and Sports Council all devote time, energy and expertise to ensure that you have many exciting options.

We hope that you all will take advantage of the many opportunities that our sports and physical recreation programme provides and we look forward to seeing you all on the sports fields in whatever areas you chose to become involved in.

Best wishes for a successful sporting year

SPORTING NORTH HARBOUR WATERPOLO

## **Student Sports Council**

The emphasis for this year's sports council will be to continue to develop leadership and responsibility for sports at Carmel. The sports council plays an integral part in linking students to sport and encouraging girls to participate in sport.

This involves running Friday lunchtime activities for your portfolio sports, taking photos of coaches/games, organising competitions, coaching a team if needed, helping with the Sports Awards and assisting in major sporting events at Carmel College e.g: Swimming Sports and Athletics Days.

Students involved are expected to do the following :

- Liaise with each sport and see how they can assist with the delivery of the sport.
- Run a have a go day for each of the sports within their portfolio at least
- Understand the rules for each sport to run effective have a go days.
- Organise coaches or other students to assist with the have a go day as required.
- Complete sport plan template and share with sport council
- Market your initiative and attract students to your session.
- Report back to council on initiative and recommendations for the next session.

## **Fundraising**

All fundraising activities must be approved by the principal or the designated senior manager and applied for at least 4 weeks prior to the commencement of the activity. Any money raised through fundraising needs to be predetermined and communicated to all involved as to the application of funds at the completion of the activity e.g.: split equally or divided between individual efforts. To maintain financial integrity all monies collected must be banked and accounted for in the school banking system. A final tally is to be sent into the Sports Department, once all activities are finished and the money is collected. The final amount is then removed from the student accounts. Fundraising ideas that other teams have used are movie nights, raffles, market stalls, bake sales and sausage sizzles.

## **Coaches and Managers**

We are always in need of coaches and managers. Coaching support is provided before and during the season should you wish it. Teams are not possible if we do not have adult help. Please contact us if you can help in any way.

## **Event Organisation**

School events and school competitions are to be organized 2 months prior if applicable. 3-4 months for school National competitions. We need ample time to organize as letters need to be sent to the board of Trustees by the Sports Department. RAMS and EOTC (safety forms) are required by Senior Management 4 weeks before hand.

There are a number of sports we do not offer at school but we are more than happy to help students enter into various competitions, as a representative of Carmel. Any out of school events, where the student is not representing Carmel, i.e., club competitions or Nationals, need to be organised by parents and rung into school. This is 'self-interest' leave.

## **Sporting Achievements**

During the course of the year there are a number of occasions where the school recognises the sporting achievements of its students. The Sports and PE departments generally hear of such successes but there are some girls who reach representative status outside of the school's domain, particularly in minor codes, which we don't know about. It would be great if you let us know about significant achievements.

## **Player Code of Conduct**

- Play for the “fun of it” and not just to please parents and coaches
- Play by the rules
- Wear your uniform correctly at all times
- Be punctual and attend all practices and games. You have made a commitment for the entire season
- If you are unable to attend any game or practice you must notify your coach as soon as possible.
- Never argue with an official. If you disagree, have your captain or coach approach the umpire during a break or after the game.
- Control your temper. Verbal abuse of officials or other players, deliberately contacting or provoking an opponent is not acceptable under any circumstance.
- Work equally hard for yourself and your team. Your team’s performance will benefit and so will you.
- Be a good sport. Cheer all good play, whether it is by your team or the other team.
- Treat all players as you would like to be treated. Do not interfere with, bully or take unfair advantage of another player.
- Co-operate with your coach, teammates and opponents. Without them there would be no game.

## **Parent/Spectator Code of Conduct**

- Encourage your child to always play by the rules.
- Never ridicule or shout at a child for making a mistake or losing a game.
- Remember children are involved in organised sport for their enjoyment, not yours.
- Set a good example for all players
- Applaud good play by both teams.
- Recognise and value the importance of volunteer coaches. They give their time and resources to provide recreational activities for the children and deserve your support.
- Praise effort and results
- Notify the Sports Department of any issues, do not go to student coaches with concerns.
